GLENDALE STREETS

CITY MANAGER GIVES INTERESTING INFORMATION OF CITY'S THOROUGHFARES

November 15, 1917.
To the Honorable Board of Trustees of the City of Glendale.

Gentlemen:—I take pleasure in presenting for your information, the following report in regard to the general condition of the streets of the city, and especially setting forth the excellent work done during the past four months by the Street Department.

The City of Glendale has 56.2 miles of dedicated streets—41.63 miles of which are improved, as follows:

1st.—We have 2.15 miles of asphalt on Brand boulevard and Broadway. This pavement is in excellent condition and will not require much expense for maintenance during the next four or five years.

2nd.—There are 19.46 miles of macadam. Generally speaking, these roads are in very good condition at the present time. We expect to spend very little money for maintenance on our macadam roads this year. Within two years, however, at least \$4000 should be expended upon these roads, mostly for resurfacing. Included in our macadam roads are Verdugo Road, Colorado street, Central avenue and all improved streets west of Central avenue.

3d.—Most of the streets of that portion of the city lying between Central avenue and Verdugo road, are what might be called dirt oiled roads. As compared with the cost of the best macadam, or concrete pavement which runs from six to nine cents per square foot for macadam and from ten to thirteen cents per square foot for concrete, the roadways of these streets cost the very low figure of one and three-quarters cents per square foot. It is hardly to be expected that streets of sufficient strength to carry modern auto traffic can be constructed for anything like such a low figure.

The City of Glendale has 20.2 miles of these dirt oiled roads. Until three years ago practically nothing was spent upon these roads for maintenance, and as we all know they had become very rough and were beginning to show marks of wear and disintegration in many places. After considerable investigation, we became thoroughly convinced that nothing less than complete reconstruction would place these roads in satisfactory condition.

The first of these streets to be reconstructed was Glendale avenue from Broadway to Colorado street. This work was done three years ago and has proved very satisfactory. Although subject to very heavy traffic, this piece of road has maintained a smooth hard surface during these three years, and has required very little attention.

From the cost of the two blocks of Glendale avenue reconstructed at that time, it was estimated that the cost of reconstructing the center 24 feet of these dirt oiled roads, would be \$700.00 per mile. On account of lack of funds, very little of this work was undertaken until this year.

Up to July 1, 1917, the beginning of this fiscal year, a little over three miles of these streets had been regraded; but on account of lack of funds had not been resurfaced with oil and sand. The budget for this year carries an appropriation of \$3,797.80 for street reconstruction. At the time the budget was under consideration, we stated that this appropriation would be used in the reconstruction of five miles or more of the worst of these dirt oiled roads.

Directly after the first of July, the big roller started tearing up the west side of Brand Boulevard and the work of regrading and resurfacing has continued without interruption for over four months with the following results:

4.41 miles of these dirt oiled roads have been broken up with the roller and regraded and resurfaced with heavy road oil and sand. The average width of roadway reconstructed was 23 feet, 3 inches. The total cost of this work was \$2,940.92. The cost per mile was \$666.87 and the cost per linear foot of roadway was 12½ cents.

3.23 miles of roadway previously regraded, was resurfaced with oil and sand. The average width of this work was 23 feet, 6 inches. The total cost was \$742.19. The cost per mile was \$229.27 and the cost per linear foot of roadway resurfaced was 4.2 cents.

7.64 miles, or over one-third of our dirt oiled roads, have been regraded and resurfaced during the past four months at a total cost of \$3,683.12. There remains of the appropriation for street reconstruction in this year's budget, \$114.68.

We are pleased to report that the streets are now in the best condition they ever have been in the history of

PACKER AND WHITE

WAR CONDITIONS CAUSE BUSINESS CHANGE IN GLENDALE STUDEBAKER AGENCY

Early last spring Stephen S. Packer and John Roman formed a partnership to sell Studebaker automobiles in Glendale. A very large show room and garage was built for the use of these gentlemen at the corner of Brand boulevard and Colorado street.

War conditions have been such that Mr. Roman has thought it best to give his time and considerable money to aiding in winning the war for the Allies. Mr. Roman is a Polish gentleman by birth and he is now serving as a recruiting officer, and is calling upon all Poles who are not eligible to draft by the United States to join Pederewski's army.

Harry E. White, of La Canada, has taken over Mr. Roman's interest in the Studebaker agency, and the new firm name will be Packer & White. Mr. White has resided in La Canada for 15 years and during that time he has been prominently engaged in the real estate business. Mr. White has many friends in this section of Los Angeles county who will wish him success in the new business in which he has engaged.

DEATH OF ADELBERT PEET

The sudden death at 1 o'clock on Thursday afternoon of Mr. Adelbert C. Peet, 69 years of age, who has for the past nine days been visiting his cousin, Mr. Dale O. Peet, of 1428 Milford street, came as a strange coincidence, his wife, Emma, having died at this house five years ago. Mr. Peet had left the house, however, when his death occurred, coming seemingly without warning as he sat on a bench at the Pacific Electric station. He had planned to go to some near by sanitarium as he had been troubled with indigestion, but had not formulated his plans as he was waiting to receive word from an old friend whom he expected to join him. Mr. Peet moved to Geraldine, Mont., from Glendale about four years ago, where he made his home with his son, D. C. Peet, vice president of the Geraldine bank, and his daughter, Mrs. Clark, whose husband is one of the directors of the bank. Mr. Peet also leaves another daughter, Mrs. Theresa Russell, who is now on a two years' leave of absence from Leland Stanford where she has taught for the past ten years, and is studying at Columbia university. The funeral services will be held at Anamosa, Iowa, Mr. Dale O. Peet having left for that city this morning with the remains.

SOLVES FINANCE PROBLEM

I have just sent the president the following night letter over the Western Union wire:

Glendale, Cal., November 15, 1917
To President Woodrow Wilson, and Secretary Wm. G. McAdoo, Washington, D. C.

"In nineteen-fifteen I telegraphed you the suggestion that aeroplanes drop 'peace bombs' to circulate official orders throughout Mexico.

"Now I respectfully suggest that America, England, France and other Allies join as partners in issuing a common legal tender currency ('greenbacks') needed to win the war. That will solve the financial problem.

WALT LE NOIR CHURCH,
Secretary, Glendale Chamber of Commerce.

The American Civil War was won by 'greenbacks.' As a war necessity, any number of the Allies could together issue some such legal tender paper money—which would assure victory to the Allies in the shortest time possible; and so save millions in men and billions in money.

Respectfully and patriotically,
WALT LE NOIR CHURCH,
Secretary, Glendale Chamber of Commerce.

CHAPTER B. A.

Chapter B. A., P. E. O., met at the home of Mrs. Walter Stamps Friday, November 16, with Mrs. F. W. Kille, as assistant hostess. After the business meeting a delicious two course luncheon was served. The afternoon was spent in philanthropic sewing.

Mrs. Chas. Temple, Mrs. Ina Randolph and Mrs. C. H. Bott of Chapter L were the guests present.

the city; nevertheless, we realize that there are a number of very rough places left. These will be smoothed out as readily as funds and time will permit.

Yours very truly,
T. W. WATSON,
City Manager.

WEATHER FORECAST—Fair tonight and Sunday. Frost in exposed places inland. Light northerly wind.

BRITISH REINFORCE ITALIAN LINE

ARTILLERY ACTIVE TODAY HOLDING BACK THE INVADING TEUTON HORDES AT PIAVE RIVER

(Special Service to Glendale Evening News)

ITALIAN WAR HEADQUARTERS, November 17.—British artillery is in action today against the Austro-German forces and are manning the guns with machine-like precision. The British reinforcements have played havoc with the enemy's plans for an advance.

The British are also active again in the marshes of Vecchia striving to hold back the Teuton invaders from Venice. After the forces had crossed the Piave river enemy troops were turned back across the stream suffering tremendous losses, an official statement said.

This announcement of the British co-operating to aid Italy was the first intimation received that British troops were actually active on the Italian line.

LABOR TO ENTER POLITICS

AMERICAN FEDERATION OF LABOR BY OVERWHELMING VOTE ABANDON NON-PARTISAN POLICY

(Special Service to Glendale Evening News)

BUFFALO, November 17.—By a vote of 215 to 21 the American Federation of Labor delegates in session here determined this morning to abandon their life-long non-partisan policy and to actively enter politics the coming year.

NAVAL BATTLE IN HELGOLAND BIGHT

BRITISH ENGAGE THE ENEMY IN CONFLICT AND FORCE GERMAN VESSELS TO RETIRE

(Special Service to Glendale Evening News)

LONDON, November 17.—British light naval forces met and forced German light naval forces in Helgoland Bight to flee, the Admiralty announced this morning.

The British ships engaged the enemy at an early hour this morning. The Germans retired closely chased by the British.

AMERICAN CONGRESSMEN UNDER FIRE

FIVE MEMBERS OF CONGRESSIONAL DELEGATION SEE REAL WAR IN FRONT LINE TRENCHES

(Special Service to Glendale Evening News)

WITH THE BRITISH ARMIES IN FLANDERS, November 17.—Five members of the American Congressional delegation were under fire in their recent visit to the front line trenches in Belgium, it developed today.

German watchers noted a stir in the Allied lines and figured that something unusual was occurring. They sprayed the opening in the line with machine gun fire and the shells whistled about the heads of the quintet of American legislators.

Members of the delegation who figured in the incident were Representatives Dill, Johnson, Miller, Timberlake and Hitt.

VILLA'S TROOPS ENCIRCLE JUAREZ

ADVANCE GUARD OF BANDIT'S ARMY MAY BE SEEN FROM CATHEDRAL TOWER IN EL PASO

(Special Service to Glendale Evening News)

EL PASO, November 17.—The advance guard of Villa's forces is encircling the city of Juarez. The bandits so far have made no attempt to attack the city. They are apparently awaiting reinforcements. Villa's outpost is plainly visible from the cathedral tower here. Only 400 men compose the Juarez garrison.

The city went wild with excitement when Villa's advance guard was sighted.

Bandit squads fired on Americans travelling along the roads. There were no casualties.

The announcement that no posts held by Villa will be opened by U. S. customs service means the suspension of business if Villa takes Juarez.

MAY CONSCRIPT SKILLED LABOR

NEW DRAFT REGULATIONS ISSUED TODAY DECLARE NATIONAL INTEREST MUST BE SERVED IN DRAFT

(Special Service to Glendale Evening News)

WASHINGTON, November 17.—Conscription of skilled labor for war work may become a fact under the new draft regulations issued this afternoon.

"When the National interest is better served by inducting such men into military service than by leaving them engaged in the industries or in agriculture, neither classification nor order numbers assigned by lot can be permitted to defer the call of such men to military service," say the regulations.

FOR EXEMPTED MEN

MEN RELEASED FROM DRAFT ESPECIALLY ASKED TO ATTEND MASS MEETING

EXEMPTED MEN INVITED

Special attention of the exempted men is asked for the mass meeting on Sunday evening at the First Methodist church in the interests of Y. M. C. A. war work. It is hoped that all such men may be present to hear the stories of conditions at the Front and the splendid part the Y. M. C. A. is taking in influencing and aiding the lives of the men who are in active service. The principal speaker, Mr. J. E. Sprunger, who did work among the allied prisoners in Germany before Germany entered the war, is now leading the drive in Southern California and is in a position to give direct information of much interest and value. Sergeant Sadler, who has already spoken so effectively in Glendale, will talk again. This work appeals especially to men as does no other form of war work. It is a cause not only exceptionally interesting to men, but one in which those who are unable otherwise to give their services to their country may directly contribute their aid to keep fit those who can give themselves and who should therefore be the especial charges of the men who must remain at home. Our soldiers and our sailors can receive all the benefits that long distance "mothering" may do for them through the Red Cross and other similar organizations, but the direct mission of man to man is given them through the Y. M. C. A. It is hoped that every man and boy in Glendale will be present at this meeting, as well as every woman who works and hopes for the best good of our soldier boys.

VETERAN PASSES

With the death of Jared Ward, of 122 East Eagle avenue, Eagle Rock, on last Thursday, another civil war veteran passed on to his final reward for services rendered his country. Mr. Ward died at the hospital of the Soldiers' Home at Sawtelle. He had been feeble for some little time, though his last illness was sudden and unexpected.

Mr. Ward was a few months over 83 years of age at the time of his death. He came to California about six years ago from Monroe county, Michigan. He was born in Lucas county, in the state of Ohio.

At the age of 30 years, he received his discharge from the service of the United States. He enlisted on the 14th day of August, 1862, and was discharged on the 4th day of June, 1865. During almost the entire period of his service was spent near Alexandria, Virginia, and in and about the city of Washington. At the time of his discharge he was a sergeant of Co. F, 26th regiment, Michigan infantry volunteers.

The deceased is survived by Margaret Ward, widow; Wilbur Ward, son, who live at the home place in Eagle Rock; by Mrs. Edith Pardon, daughter, who with her family lives at corner Oakwood and Adams streets, Glendale; by Mrs. Clara Hilton, daughter, who lives in Eagle Rock with her daughter, Mrs. R. L. McNitt, on West Colorado boulevard; also by Norman Ward, a son, residing in Monroe county, Michigan. There are several grandchildren and two great-grandchildren who survive.

The funeral was held from the house Saturday afternoon at 2 o'clock, Rev. Edmonds of the Presbyterian church of Glendale officiating. Members of the Stanton Post, G. A. R., acted as pall-bearers. Interment at Grand View. The Pulliam Undertaking company was in charge.

CURRENT HAPPENINGS

MR. AND MRS. ROBERTS ENTERTAIN AT FAMILY DINNER PARTY

Mr. and Mrs. Warren Roberts entertained an interesting family gathering at dinner on Sunday in honor of Mrs. Grace Mitchell, of Waverly, Iowa, who has been the house guest for the past two weeks of Mrs. Roberts' mother, Mrs. C. S. Archer, of 621 West Seventh street. Mr. and Mrs. C. S. Archer were present and Dr. and Mrs. E. F. Archer, also Mr. and Mrs. B. T. Archer of Cedar Falls, Iowa, with their son, Master Quinton, who have just arrived in Southern California and expect to make their home for the winter in Long Beach. Mr. and Mrs. George Scott, recently returned from Kansas and Iowa, were also present.

MRS. MULVIHILL HERE

Mrs. Mary Mulvihill of New York City is visiting at the home of Mr. and Mrs. George H. Binns, 1540 Milford street. Mrs. Mulvihill is the mother of Mrs. Binns. She has travelled extensively, being accustomed to spend her winters in Europe before the war, and has completed the present trip across the continent without any difficulty though she travels alone and is past 70 years of age. She is so well pleased with Glendale even in the short time since her arrival here last week that she already contemplates making her future home here.

MOTHER'S CLUB MEETING

The Mothers' club of the Acacia Street school of Tropic held its regular meeting on Friday afternoon at the school. Before the program refreshments of doughnuts and coffee were served by four hostesses, Mrs. C. D. Bennett, Mrs. George Merrick, Mrs. N. J. Ripley and Miss Gladys Hamilton. After the meeting was called to order an interesting program was given. Miss Morgan of the Tropic grammar school gave three vocal selections and Miss Terry of the high school read very entertainingly, giving an encore of her first reading, "Abago Rebels." The meeting was adjourned after the regular business had been transacted.

THE WAR WORK CARD PARTY

There is now on exhibition at the Studebaker show room, corner of Brand and Colorado, a water color painting of red roses, done by Mrs. J. F. Hearnshaw and presented by her, which some one will be fortunate enough to possess at the conclusion of the card party to be held there next Tuesday evening, Nov. 20, beginning at 7:45 o'clock. Those who have seen the picture and are competent to judge, pronounce it a most beautiful work of art. The entire proceeds of this party will be given to the Y. M. C. A. War Work fund for our boys in khaki in foreign lands and at home.

Five Hundred and Whist will be played. Come whether you play cards or not.

Don't forget the community concert tonight at the high school as usual. Mr. Spencer Robinson, the leader, has a special surprise in store.

Rev. E. H. Willisford of 231 Orange street will be at home with his family on Sunday. Mr. Willisford, who has been in charge of the Santa Monica district during the drive for the Y. M. C. A. war work, reports that his entire allotted sum of \$5000 has already been more than raised and that he expects several of the ten committees who have worked under him to come forward with amounts which will bring the contributions from his district far above expectations. Y. M. C. A. FACTS

"I would like to bring to your attention facts from the inside concerning the work of the Y. M. C. A. in the war camps which I have learned by direct contact," says Secretary Eska Wilson.

"The Y. M. C. A. is not as Teddy Roosevelt would have us think—filled with fellows who are slackers. *** There is no exemption for the Y. M. C. A. Secretary. Whenever the age limit for the draft is raised and Uncle Sam calls for married men that will get me. We're not going to stand behind the fact that we're married men, but we'll kiss our wives good bye, and love our little babes—perhaps for the last time, and help lick the Kaiser from Dan to Beersheba, from Berlin to Hell!

"Yes the Y. M. C. A. men are made of better stuff than Teddy thinks. For once, at least, he was mistaken when he said that the Y. M. C. A. Secretaryship provided a bullet proof job. *** For these men follow the armies right to the front line trenches and it is estimated that nine out of every hundred lose their lives in the service.

"As the boys come into camp and see the long rows of mess shacks, tents, and shower baths the situation looks pretty gloomy. But a Y. M. C. A. secretary will step up and ask him to come around to the Y. M. C. A. hut that night if he has nothing else on. There the Y. M. C. A. man will introduce him to some of the boys and ask him if he has written home yet. Most generally the answer is 'No, I had no place to write.' Ah, yes, but here are writing tables and paper—better write to mother. *** We are just as anxious as you are to have your boy write home, for then we know where his mind is.

"A young fellow—some mother's son—was standing with a bunch of boys one day in camp. They were all standing in a circle and down on the ground in front of them was quite a pile of money. I saw the boy put his hand in his pocket several times but each time draw it out again empty. The other fellows kept urging him to take a chance—that perhaps he might win it all. So finally he threw his money in with the rest and lost it all. As he walked away I touched him on the shoulder and asked him to come over to my room—that I wanted to show him something. So when I had shown him whatever it was that I used as a pretext I said, 'That was about the last money you had, wasn't it?' He admitted it and explained that his mother had needed it too, for there were bills at home to pay. *** I talked to him and told him that it would have been better to have sent \$30.00 than to have run a chance of losing it all. When I had finished he voluntarily said 'I'm going to send my money home to mother after this.' As he turned to go he saw a testament lying on the table and asked if they cost much. 'Yes,' I replied, 'they do cost something, but not for you.' He took it eagerly as he said, 'I've been wanting one of these for a long time, for I've seen the other fellows use them.' The cost of such a testament is 40 cents, but you wouldn't begrudge a soldier 40 cents, for when he's reading his testament you know where his mind is.

"One day a Jewish lad came in asking for something to read. I reached under the table and brought out a Jewish testament, and you ought to have seen how pleased he was. *** Soon afterwards he came back and took all I had to distribute among the Hebrew boys in camp.

"Then we have books for Catholic boys. And I—a Methodist—have helped to set paraphernalia for the Catholic boys on Sunday so they can have their own service. *** We want the Catholic boys to have their minds on the religion they believe in. *** We want to keep their minds in the right places. We force nothing on them. In fact we forget what we are, for there is absolutely no such thing as denominationalism in the Y. M. C. A. We want to preserve the boys of this nation clean in body, mind, and soul. If we can do this we have done something for future generations.

"When the boys go to France they find the French people are often after every cent they can possibly get. Before the Y. M. C. A. was at work there the boys had to go into cafes for their meals with wine before them and women soliciting. Now there is the big Y. M. C. A. hotel where the boys can get ham and eggs to eat and have American service. *** We want to remind your boys of home. You can consider that any comforts we can give is you doing that much for your boy. The last service rendered them before they 'go over the top' is a cup of tea, bowl of soup, and a piece of chocolate given them from you through the Y. M. C. A. *** The chocolate is saved to use to keep them from starving to death out in No Man's Land should they fall and rescue be impossible for several days. Maybe 50 cents will keep your son from starvation. *** Are you going to begrudge them these things?

"The official attitude toward the Y. M. C. A. shows what they think of it. Pershing said, 'I must have the Y. M. C. A. when I go to the front,' and so he took it along with him. *** They want and need the Y. M. C. A. because the morale of the army determines whether or not that army will be victorious. *** In fact, the army men say that the war will end sooner if the Y. M. C. A. has full sway. ***

"Surely nothing is too good for the boys who are fighting for you and for me. *** Who could think of making gain when our boys are giving their services and if need be their lives for the protection of our women and children and for the abolishment of autocracy!

WINTER CARE OF THE WAR GARDEN

No vegetable matter such as dead vines, corn stalks and other garden rubbish should be wasted because it is too valuable as an aid in the garden crop production.

Besides the usual waste of garden rubbish, there is a large wastage of leaves, weeds and the skins and other unused portions of fruits and vegetables. These should all be thrown on the compost pile to decay for use on the garden next spring. The compost pile should be built up in alternate layers of vegetable refuse a foot thick and earth an inch or two deep. The earth helps to rot the vegetable matter. The top of the pile should be left flat so the rain may enter and help the process of decay.

If the pile can be forked over once a month when not frozen and

FAMOUS ATHLETE WRITES FROM THE FRONT

Jo G. Loomis, whose home is in Evanston, Ill., and who is a nephew of Mrs. H. R. Boyer of 212 Orange street, Glendale, has written much of unusual interest concerning his extremely dangerous work as ambulance driver at the front. Mr. Loomis went to France under exceptionally interesting circumstances, as he was one of the three boys to be sent by the Chicago Athletic association last summer as ambulance drivers. The other two are driving cars privately donated, but the one Mr. Loomis drives was given by the members of the association. He is a graduate of the University of Chicago and a well known athlete. He won more points than any other athlete while representing America in last year's track invasion of the Scandinavian countries. He also won the indoor sprints title of America in the championship A. A. U. meet in New York last winter. His thrilling account of a submarine attack on the trip across is published below. We hope later to be able to print other letters relating Mr. Loomis's exciting experiences as an ambulance driver so near the German front that a toot of his horn brings down a rain of shells. He writes:

Two German subs sprang up on us all of a sudden. They had sighted us miles away, and evidently submerged and waited for us. One of our ship boys discovered one of them when she came to the surface with her periscope showing only, and she was absolutely broadside of us on our starboard side.

Gun Tells of Attacks

I was playing bridge in the smoking room on the same side and on the top deck at the time. We knew nothing about it until we all jumped out of our chairs when our big 75 gun on the rear opened up a tremendous shot. We all ran on deck and I at once saw the periscope of the sub. It looked about a few hundred yards away, but was at least a quarter of a mile or more. It was very plain, and I could see the awful thing going along through the waves.

Believe me, I never in all my life have been so scared as that moment. And second we expected to see the wake of a torpedo shot through the water, as it was absolutely broadside of us. Then the other sub was discovered. She was quite a way at our rear and far away. She had missed our course while under water waiting for us. Then came our second shot, which went high. The women and children were yelling, and then everybody beat it for their life belts. I made two jumps I believe, in getting down three flights of stairs to my stateroom.

Never Went So Fast Before

I never went so fast before even on a cinder straightaway as I did down those stairs. You see, my stateroom was right on the water line, and the starboard side at that. If they hit us with a torpedo while I was down there I probably would be blown to bits. But I had to get my life belt, so I got it in a hurry. Another shot was fired by us while I was down there. That made me hurry all the faster. I reached deck in time to see our fourth shot, which was a beauty.

She struck the periscope square and sent about sixteen pieces in the air. The sub went out of sight and by this time was at our rear. We had switched our course so as to leave the sub at our stern, and we were zig-zagging all over the water so as to make it very hard for them to hit us. We only fired one more shot, at the place where the other sub was, but could not see the effect. By this time we were going full speed ahead and the danger was over. Thank God!

Rams and Sinks U-Boat

The thought of it all was awful and upset every one. Then the talk started. Several people had sworn they saw the wake of a torpedo miss our stern by about ten yards. Finally the captain came into the smoking room and told us that he had sunk the damned sub, and every one cheered. He denied that any torpedo was shot at us. He said the gunner on our stern said they never attempted to shoot us, but said he sank them on our fourth shot.

Well, to make a long story short, when we got to Bordeaux, France, the captain took back his statement and told us that they did shoot a torpedo at us and only missed us by a few yards. He said he wanted the passengers to feel that the sub did not want to get us so they would not lose their heads in case we met another one. Then we heard of the accident behind us that made us thank the Lord that we passed by safely. Just three hours after our encounter with these two subs, a boat (I can't tell you the name, although I know it came from South America, was torpedoed and sunk by the other one of the two that attacked us.

Can grow from a small acorn,—so can a fortune grow from a small bank account.

Both when well started have a steady growth. You can start your account this month. Even though it be a small one at first, if you will steadily add to it in a few years you will have a capital worth working for.

If you live in Glendale, make up your mind to start an account in this Glendale Bank and watch your money grow with the bank and the town.

Miss Camilla Mihm, of Chicago, was a recent week end guest of Miss Gladys Justema at her home, 304 South Central avenue.

About a month ago a boys' coat was found on the streets of Glendale. The finder of the coat left it at the Evening News office where the right-ful owner may get it.

The names of Mr. and Mrs. E. U. Emery should have been signed to the card of thanks published yester-day with the signatures of Mrs. Olive M. Emery and Mr. and Mrs. C. D. Lusby.

Miss Niome Lawshe of 334 North Kenwood street left last night to spend the winter with her brother, H. D. Lawshe, who is superintendent of the Western Shoshone Indian res-ervation at Owyhee, Nev.

Dr. G. H. Cornell and wife of Sierra Madre are guests over Sunday of Miss Ellen Williams. Dr. Cornell will preach in St. Mark's church Sunday morning, the Rev. C. I. Mills being away for a short rest.

Mr. and Mrs. George Scott of 617 Chestnut street returned last week from an extended trip of some eight or ten weeks to their old home in Topeka, Kansas, and through Iowa, where they visited old friends.

Mr. and Mrs. H. Henning, 1021 West Seventh street, visited their son Herbert at Camp Kearney on Sunday. He is one of the boys of the 143rd Field Artillery, that has recently come down from the Presidio at San Francisco.

Mrs. Stanley John Bingham, with her little son, "Junior," has just moved into the pretty new home she has bought at 1531 West First street. Mrs. Bingham's husband is a captain at Fort Sill in Oklahoma, and ex-pects to be called to France by Jan-uary. Mrs. Bingham came to Glen-dale because of her health.

Mr. and Mrs. James Pearson of 1214 Broadway entertained inform-ally at their home on Thursday eve-ning. Music and games furnished amusement for the guests and all had a fine time. Mr. and Mrs. N. W. Mc-Bryde and Mr. James McBryde, Mr. and Mrs. Ritchie and Miss Helen Ma-son were the guests.

Mr. and Mrs. J. N. Porter of Los Angeles have recently bought the Cunningham home on Montrose ave-nue, at the corner of Ocean View boulevard, Montrose, where they ex-pect to make their future home. After twenty years in Los Angeles they are more than delighted with the beauties of the valley and with the life of our community.

The Tau Phi sorority, of which Miss Edith Ewins is a member, at the University of Southern Califor-nia, met on Thursday evening at the home of Miss Ewins' parents, Mr. and Mrs. James Ewins, 747 South Verdugo Road. After the business of the meeting had been completed, a very pleasant evening was spent with music and dancing.

The families and friends of the boys of Battery D, 143rd Field Ar-tillery, will meet tomorrow afternoon at 2:30 o'clock at the residence of Mrs. H. J. Crawford, 1837 West 21st street, Los Angeles, to organize an auxiliary to the battalion. The work of this auxiliary will be to look after the needs of the boys and to help them in any way which may become possible.

The Carnation Thimble club met Thursday afternoon instead of on Wednesday, the regular day, at the home of Mrs. J. Welbourne Jones, Third and Cedar streets. Twelve members were present and spent the afternoon with needlework. It was decided to meet only once again be-fore the holidays, at the home of Mrs. Ingledue, 725 West Third street. STEREOPTICAN TALK

Next Sunday evening at 6:15 a very interesting talk has been ar-ranged by the young people of the Glendale Presbyterian Christian En-deavor Society.

Miss Mae Flathers, former State C. E. missionary superintendent, will present the pictures which were shown at the Stockton State Chris-tian Endeavor convention. These slides cover work being done in South America, Korea, China, Japan and India. Everybody is invited to come and enjoy this treat.

This service will close in ample time for all who wish to attend the union meeting at the First M. E. church in the interest of the Y. M. C. A. war work.

CARD OF APPRECIATION

The local relief committee of the Tuesday P. M. club wish to thank club members, the P.-T. A. and all citizens of Glendale who helped in the success of the benefit at the Palace Grand, Friday, and especially Mr. Jensen, manager of the Palace Grand, for his generosity. He ex-tended a special courtesy in allow-ing the ladies to sell tickets on the street after the opening of perform-ance because of the proceeds being devoted to local charity. The com-mittee feels unable sufficiently to thank him for this as for former helpfulness in good causes, but ex-tend a heartfelt vote of thanks to him and to all.

Mrs. E. S. McKee, chairman.
Mrs. I. S. Levitt.
Mrs. J. G. Hunchberger.
Mrs. A. L. Bryant.

MONEY APPORTIONED

In accordance with the policy of the American Red Cross, in keeping the public thoroughly informed on all its activities, the Red Cross War Council makes public the following financial statement showing collec-tions and disbursements of the war fund up to November 1.

Collections November 1 amounted to \$79,895,355.68. Of this amount, \$9,129,389.21 is reserved for return to Red Cross chapters to be spent for war relief work.

The estimated balance for appor-tionment is \$70,765,966.47.

The total appropriations from the war fund to November 1 amounted to \$40,851,259.20, of which \$26,934,416.86 was for foreign relief.

The foreign relief appropriations were apportioned as follows:

France, \$29,581,240.47.
Belgium, \$720,001.
Russia, \$1,428,040.87.
Serbia, \$493,203.76.
Roumania, \$1,518,398.76.
Italy, \$214,000.
Great Britain, \$1,066,520.
Foreign miscellaneous, \$113,012.
Armenian and Syrian relief, \$1,800,000.

There was apportioned for United States supplies and the like to the United States forces, \$3,488,729.

Note: Cold feet won't save you; they have to be flat.

GREAT!

Government officials are now pressing the sale of life insur-ance upon all army and navy men, and I want to add my voice to theirs in urging every man who goes into the service to take "the limit," because \$10,000 is little enough to leave for the care of your de-pendents in these days of high cost.

When the government fur-nishes this insurance at net term rates (averaging about \$8.00 per month), without charging a cent for the war-hazard, it is like "finding" any-where from \$375 to \$1000 a year, because that is what the insurance companies have to charge. The "war-extra" in Canada and England is \$150 and \$200 per month.

Parents of boys going to the front can do no wiser thing than to urge and assist them to carry this insurance.

Consult me freely for fur-ther information.

OUR BOYS AT THE FRONT

A Glendale high school girl is the author of the little poem printed be-low. Miss Butterfield is the daugh-ter of Mrs. Cora Butterfield of 315 South Louise:

Our boys at the front are fighting,
Fighting today for you:
And they'll fight to the very finish
For us, and the red, white and blue.

Our boys at the front are fighting.
Is there nothing that we can do?
Can't we, too, serve our country,
Serve the red, white and blue.

Though the boys at the front are fighting
There's plenty else to be done.
There has been many a battle
That the women at home have won.

Our boys at the front may get lone-some,
They may get homesick and blue.
To cheer them and freshen their courage
That is up to me and to you.

Our boys at the front may get hungry,
And cold, in the ice and the snow:
We must feed them, and clothe them warmly,
When the winter winds bluster and blow.

Our boys at the front may get wounded,
They must have nursing and care:
We must provide for their comfort,
While they're sick in the hospital, there.

Our boys at the front do the fighting,
But there's work for each one to do:
To serve our home and our country,
And the dear old red, white and blue.

Cora Louise Butterfield.

FAMOUS ATHLETE WRITES FROM THE FRONT

Continued from Page 2)
Germans Shell Life Boat

It was at the same spot, and only one sub was there, which proved all the more that we sunk one of them. Anyway, we received an S. O. S. call from this liner stating they had been torpedoed, were sinking fast, but two convoy ships were coming to their rescue. We are not allowed to go back.

The two convoy ships were the ones coming out to convoy us. They were several miles on each side of us just about to come up to us when they got this call. When they reached the spot there was nothing left but a few pieces of the life boats and broken rafts. After the liner went down the German submarine came to the surface and shelled all of the life boats, making a total loss of about 200 lives (so they think). Wasn't that a dirty trick for the Ger-mans to do? Weren't we lucky to get away from that safely? The last three nights every one had to sleep on deck with their life belts on all of the time. Think of it, we went all the way across without being con-voeyed. That ends my story on the ocean.

I told you how lucky I was to get out into a section so quickly. Ridge and I are in the same section and are having a great time during repose hours. But when we are in the field it certainly is awful. I am driving the C. A. A. car. Fred, Lobdell, Wil-lard Curtis and Hoyne Wells are driv-ing Fiat trucks with ammunition in them. Their work is very mean and dirty, but not very dangerous. They don't get close to the front line as we do. Have not seen them since we left Paris four weeks ago. We have been on the front ever since.

WHAT THE Y. M. C. A. DOES

"We have got to give and give and give some more. Who could think of making gain when our soldier boys are giving their services and if need be their lives for the protection of the women and children of the world and the abolishment of autocracy?"—Sec. Wilson, Y. M. C. A., Camp Kearny.

"We want to keep the minds of the boys in the right places—want the Catholic boys to have their minds on the religion they believe in, and the same for the Protestant, Jewish, and Mormon boys. We force nothing on them. We forget what we are; for there is no such thing as denom-inationalism in the Y. M. C. A."—Sec. Wilson.

"We want to preserve the boys of this nation clean in body, mind and soul, and in doing this we have done something for future generations."—Sec. Wilson.

"The Y. M. C. A. is a great benefit to the soldier—increasing his com-fort, morality, and physical fitness."—Sergeant Sadler.

"The more comforts you send us the quicker we'll come back, and the more of us will come back."—Sergeant Sadler.

"In my estimation the Y. M. C. A. is on an equal footing with the Red Cross, and I believe the donations to the two organizations should be di-vided equally."—Sergeant Sadler.

"The Y. M. C. A. is for our aid and comfort before we are wounded. We do need help and encouragement, and all this is accomplished through the Y. M. C. A."—Sergeant Sadler.
